

I want you to know the Indiana's "no-call" list has been the best thing we ever did. We used to get 2 or more unwanted calls every day. Since we have been on Indiana's no-call list, we have only received 2 or 3 unwanted calls a month. It has been really nice to not be interrupted during dinner by unwanted calls. Please do not do anything that would jeopardize Indiana's current no-call list. Thank you.  
Indiana's current "no-call" list
